

South Pacific Metals Corp. Announces Proposed Shares for Debt Transaction with Convertible Debenture Holders

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR RELEASE, PUBLICATION, DISTRIBUTION, DISSEMINATION, DIRECTLY OR INDIRECTLY IN OR INTO THE UNITED STATES

Vancouver, B.C. – March 14, 2024 – South Pacific Metals Corp. (TSX-V: SPMC; FSE: 6J00) (“**SPMC**” or the “**Company**”) announces, further to its news release dated February 23, 2024, it plans to complete a shares for debt transaction to settle the outstanding principal amount of C\$1,270,000 plus accrued interest of C\$79,726.63 owed to the 10% secured convertible debenture holders (the “**2023 Debentures**”). In total, the Company plans to issue 6,748,633 common shares of the Company at a price of C\$0.20 per share to settle total indebtedness of C\$1,349,726.63 (the “**Shares for Debt Transaction**”).

As previously announced on February 23, 2024, the Company had intended to issue new convertible debentures to replace the 2023 Debentures. However, the Company has now decided to settle the outstanding indebtedness under the 2023 Debentures through the Shares for Debt Transaction. The Company anticipates that the Shares for Debt Transaction will result in a stronger balance sheet with the elimination of the indebtedness owed under the 2023 Debentures.

All securities issued in connection with the Shares for Debt Transaction are subject to a four month and one day hold period from the date of issuance in accordance with the Canadian securities law. The Shares for Debt Transaction is subject to final acceptance of the TSX Venture Exchange.

Snowfields Wealth Management Limited (“**Snowfields**”), which is controlled by Geoffrey Lawrence, a director of the Company, and Dain Currie, a director of the Company, are insiders of the Company. Snowfields and Mr. Currie hold \$291,138.88 and \$100,000, respectively, of the 2023 Debentures. As a result of the Shares for Debt Transaction, Snowfields will be issued 1,550,752 common shares to settle the principal amount of \$291,138.88 plus accrued interest of \$19,011.53, and Mr. Currie will be issued 526,503 common shares to settle the principal amount of \$100,000 plus accrued interest of \$5,300.55. Accordingly, the insider participation in the Shares for Debt Transaction constitutes a “related party transaction” for the Company within the meaning of Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). The Company is exempt from the requirements to obtain a formal valuation and minority shareholder approval under MI 61-101 as the fair market value of each of the insider’s participation in the Shares for Debt Transaction does not exceed more than 25% of the market capitalization of the Company, as set forth in Sections 5.5(a) and 5.7(1)(a) of MI 61-101.

About South Pacific Metals Corp. (SPMC)

SPMC is an Asia-Pacific focused gold mining company with four highly prospective gold-copper projects, Kili Teke, KRL South, KRL North and the May River Project. All projects are located in premier mining regions in PNG. Both KRL North and KRL South show potential to host high-grade epithermal and porphyry mineralisation, as seen elsewhere in the high-grade Kainantu Gold District. The May River project is near the world-renowned Frieda River Copper-Gold Project, with historical drilling indicating the potential for significant copper-gold projects. Kili Teke is an advanced development project with an existing inferred mineral resource. SPMC has a highly experienced board and management team with a proven track record of working together in the region; and an established in-country partner.
